Sébastien Moog / Senior UX Designer

Experience

- **Senior UX Designer — LogMeIn/GoTo (2020)**
  To contribute to the future of remote work, I design improvements for the meeting experience of the video conferencing platform.

- **UX/UI Designer & Front-end developer — Caldera (2017)**
  I designed the new products of the company and was in charge for the front-end implementation. I also led the creation of a design system.

- **Graphic Designer — Zooplus AG (2015)**
  For this first experience in a remote team, I created hundreds of banners for the multi-regional variants of the company's online store.

- **Art director & Webdesigner — HDR Communications (2013)**
  I mainly designed websites for clients in the tourism industry, with a strong focus on accessibility.

- **Art director & Webdesigner — Maetva (2008)**
  For 5 years, I supervised the creation of a large number of websites, landing pages and emailing in this communication agency.

- **Webdesigner & Front-end developer — Actweb (2006)**
  I worked on projects for national-level clients in the banking, security and fashion industries, with high expectations for details and quality.

- **Webdesigner & Front-end developer — Impact Web (2004)**
  As a working student, this was my first professional experience in webdesign and development.
